A Dictionary of Zoology (Oxford Quick Reference) Michael Allaby

This best-selling dictionary is the most comprehensive and up to date of its kind, containing over 6,000 entries on all aspects of zoology. Complemented by numerous illustrations, it includes terms from the areas of ecology, animal behaviour, evolution, earth history, zoogeography, genetics, and physiology and provides full taxonomic coverage of arthropods, other invertebrates, fish, reptiles, amphibians, birds, and mammals. The fourth edition has been fully revised and updated and includes many new entries, for example, activational effects of hormones, aqueous humour, deprivation studies, immunization, and Psocoptera. It also features new terms from anatomy and physiology, biomechanics, neurophysiology, immunology, and evolutionary development. Recommended web links can be accessed via the Dictionary of Zoology companion website and provide valuable extra information by directing you to useful online resources and the homepages of relevant organizations. Detailed appendices include a list of endangered animals, the universal genetic code, the geologic time scale, SI units, and a taxonomic classification scheme based on the three-domain taxonomic system. Wide-ranging, authoritative, and with jargon-free definitions, this dictionary is an indispensable reference tool for students and teachers of zoology, biological sciences, and biomedical sciences, and a valuable resource for naturalists and anyone with an interest in animals.

From reader reviews:

Robert Maselli:

With other case, little people like to read book A Dictionary of Zoology (Oxford Quick Reference). You can choose the best book if you want reading a book. Provided that we know about how is important a new book A Dictionary of Zoology (Oxford Quick Reference). You can add understanding and of course you can around the world by way of a book. Absolutely right, mainly because from book you can know everything! From your country until eventually foreign or abroad you may be known. About simple matter until wonderful thing you are able to know that. In this era, we can easily open a book as well as searching by internet system. It is called e-book. You can use it when you feel uninterested to go to the library. Let's go through.

John Pace:

Reading a guide tends to be new life style in this particular era globalization. With studying you can get a lot of information that could give you benefit in your life. Together with book everyone in this world could share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their own reader with their story or their experience. Not only situation that share in the publications. But also they write about advantage about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on earth always try to improve their expertise in writing, they also doing some analysis before they write with their book. One of them is this A Dictionary of Zoology (Oxford Quick Reference).

Lillie Rose:

A lot of people always spent all their free time to vacation or go to the outside with them family or their friend. Are you aware? Many a lot of people spent they will free time just watching TV, or perhaps playing video games all day long. If you want to try to find a new activity honestly, that is look different you can read a book. It is really fun to suit your needs. If you enjoy the book that you simply read you can spent 24 hours a day to reading a reserve. The book A Dictionary of Zoology (Oxford Quick Reference) it is quite good to read. There are a lot of people who recommended this book. These were enjoying reading this book. Should you did not have enough space to deliver this book you can buy the actual e-book. You can m0ore quickly to read this book through your smart phone. The price is not too costly but this book offers high quality.

Raymond Dixon:

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library in order to make summary for some reserve, they are complained. Just small students that has reading's spirit or real their interest. They just do what the professor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you. As we

know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this A Dictionary of Zoology (Oxford Quick Reference) can make you sense more interested to read.
