Conventional medicine treats symptoms with surgery and drugs rather than healing the root causes of illness. Complementary therapies attempt to address the whole self, which can raise awareness of and even counteract the imbalances that create disease. This book attempts to relate inner causes with our "four bodies" in order to affect healing. "Astrology and the Art of Healing" approaches healing and astrology in a new and revolutionary way. Physical, emotional, mental, and spiritual therapies relate to stages of your life process, from conception through birth, and from childhood to old age and death. Many horoscopes show how to understand the origins of health imbalances in your life. Correlations to appropriate therapies can support the expertise of your doctors. A free astro-chart is included. A.T. MANN is the author of "A New Vision of Astrology," "The Round Art of Astrology," "Sacred Architecture," "Sacred Sexuality," and "The Eternal Life: Astrology and Reincarnation."
