Alessio Mangoni

La matematica raccontata con parole e formule (Italian Edition) Alessio Mangoni

In questo libro si vuole raccontare un po' della scienza che sta alla base di tutte le altre: la Matematica. Il libro è abbastanza discorsivo e adatto a tutti, tuttavia sono presenti anche formule sia elementari che avanzate per completezza. Consigliato a chiunque voglia avere un racconto base, abbastanza generale su questa vasta materia. Gli argomenti trattati riguardano, in particolare, l'aritmetica, l'algebra, la geometria e l'analisi matematica. Sono discussi diversi casi in cui la matematica ha fornito risultati in casi in cui intuitivamente si poteva cadere in errore, come ad esempio nel caso della somma infinita di alcune successioni di numeri (serie) che producono un risultato numerico finito anziché infinito.

Autore: dott. Alessio Mangoni, laurea in Fisica.

From reader reviews:

Glenn Flinchum:

The book *La matematica raccontata con parole e formule (Italian Edition)* make you feel enjoy for your spare time. You can use to make your capable a lot more increase. Book can to be your best friend when you getting stress or having big problem together with your subject. If you can make reading through a book *La matematica raccontata con parole e formule (Italian Edition)* being your habit, you can get considerably more advantages, like add your current capable, increase your knowledge about many or all subjects. It is possible to know everything if you like available and read a e-book *La matematica raccontata con parole e formule (Italian Edition)*. Kinds of book are several. It means that, science book or encyclopedia or others. So , how do you think about this e-book?

Leo Rizer:

The book with title *La matematica raccontata con parole e formule (Italian Edition)* includes a lot of information that you can find out it. You can get a lot of advantage after read this book. This specific book exist new information the information that exist in this e-book represented the condition of the world currently. That is important to yo7u to understand how the improvement of the world. This specific book will bring you inside new era of the internationalization. You can read the e-book with your smart phone, so you can read it anywhere you want.

Christian Rice:

In this period of time globalization it is important to someone to receive information. The information will make professionals understand the condition of the world. The condition of the world makes the information much easier to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher which print many kinds of book. The particular book that recommended to your account is *La matematica raccontata con parole e formule (Italian Edition)* this guide consist a lot of the information of the condition of this world now. This kind of book was represented how can the world has grown up. The vocabulary styles that writer use for explain it is easy to understand. Typically the writer made some exploration when he makes this book. Here is why this book acceptable all of you.

Doris Griffin:

Reading a guide make you to get more knowledge as a result. You can take knowledge and information originating from a book. Book is prepared or printed or created from each source which filled update of news. With this modern era like at this point, many ways to get information are available for you. From media social just like newspaper, magazines, science guide, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Do you want to spend your spare time to open your book? Or just trying to find the *La matematica raccontata con parole e formule (Italian Edition)* when you essential it?
