This book is a step-by-step tutorial including all the needed assets to build the three sample projects it covers. It is divided into lots of small sub-topics and follows a clear and logical outline to help you structure your new knowledge. Every single feature covered is immediately illustrated by a meaningful exercise. Self-exploration of the software is strongly encouraged through extra exercises and experimentations. The book also introduces you to the Captivate community by providing lots of external reference and tips and tricks from established e-learning professionals. If you are: A teacher wanting to produce high quality e-learning content for your students. Working in a training department and want to implement e-learning in your company. Using a SCORM or AICC-compliant LMS and want to produce e-learning content to track your students' performance. A webmaster in need of a fun and interactive way to produce an FAQ or a support site. Interested in e-learning. Then, this book is for you! A basic knowledge of your operating system (Mac or Windows) is all it takes to author the next generation of e-learning content with this book.
