The Hollywood War Machine, Second Edition: U.S. Militarism and Popular Culture Carl Boggs, Pollard Tom

The newly expanded and revised edition of *The Hollywood War Machine* includes wide-ranging exploration of numerous popular military-themed films that have appeared in the close to a decade since the first edition was published. Within the Hollywood movie community, there has not been even the slightest decline in well-financed pictures focusing on warfare and closely-related motifs. The second edition includes a new chapter on recent popular films and another that analyzes the relationship between these movies and the burgeoning gun culture in the United States, marked in recent years by a dramatic increase in episodes of mass killings.
