China's rapid economic growth, modernization and globalization have led to astounding social changes. Contemporary China provides a fascinating portrayal of society and social change in the contemporary People's Republic of China. This book introduces readers to key sociological perspectives, themes and debates about Chinese society. It explores topics such as family life, citizenship, gender, ethnicity, labour, religion, education, class and rural/urban inequalities. It considers China's imperial past, the social and institutional legacies of the Maoist era, and the momentous forces shaping it in the present.
