## **Economía y sociedad (Economía) (Spanish Edition)** Max Weber

Esta obra ha sido aclamada como la más importante del siglo XX en ciencias sociales. En ella Max Weber desarrolla los conceptos fundamentales de la sociología y la economía, además de diversos tipos de dominación analizados contra el telón de fondo de la historia universal. Esta nueva edición preparada por Francisco Gil Villegas, presenta la traducción corregida, revisada y enriquecida con notas críticas e informativas, e incluye una amplia y erudita introducción. Asimismo se complementa con nuevos apéndices agregados en la edición crítica alemana y la traducción de la cabeza conceptual -ausente en ediciones previas- para la parte más antigua y voluminosa de la obra.
