Something About the Animal Cathy Stonehouse

In *Something About the Animal*, Cathy Stonehouse's first collection of short fiction, the world keeps coming apart at the seams: these are stories of imminent and often destructive crisis, which in their form and structure capture the hysterical edge of hallucinatory madness in a way few writers have ever managed. These are stories about the search for meaning, of fragile, haunted understanding; real life horror stories, stories bleakly, blackly humorous, but also imbued with real hope, generosity, and beauty; stories simply not reducible to cover copy. Cathy Stonehouse is a nightmarishly gifted author, and *Something About the Animal* is that rather magical exception to the rule; a truly breathtaking, unforgettable debut.
