The first guide to posing and sensitively capturing same-sex couples on their big day, *The New Art of Capturing Love* equips semi-pro and professional wedding photographers to enter the exciting new LGBT wedding photography market.

These are exciting times for marriage equality—but capturing memorable LGBTQ portraits requires a novel approach to posing, which until now has been nearly exclusively oriented toward pairing a taller man in black with a smaller woman in white. What works for Jack and Jill won't necessarily work for Jack and Michael, let alone Jill and Louise. *The New Art of Capturing Love* shatters the “old standards” of wedding and engagement photography by showing how inappropriate they can be for today's diverse couples, then shares easy-to-implement poses and techniques that can be applied to any couple (and wedding party), no matter their orientations, to create lasting memories.

Featuring a collection of more than 180 same-sex portraits from 46 photographers, this guide is proudly the first—and most comprehensive—of its kind. Whether you are a wedding photographer looking to enter this burgeoning market, or a gay or lesbian couple looking for visual inspiration, these gorgeous images will both instruct and inspire.
