## **Indonesian Living Standards Before and After the Financial Crisis: Evidence from the Indonesia Family Life Survey** John Strauss

The Asian financial crisis in 1997-98 was a serious blow to a thirty-year period of rapid growth in East and Southeast Asia. This book uses the Indonesia Family Life Surveys (IFLS) from late 1997 and late 2000 to examine changes in living standards for Indonesians from just before the start of the crisis to three years after. Indonesian Living Standards Before and After the Financial Crisis, using the rich data in IFLS to provide a true-to-life look at living conditions in Indonesia, is an important reference for policymakers working on economic issues affecting Indonesia.
