#1 draft pick . . . Rookie of the Year . . . All Star . . . Olympic gold . . . Most Valuable Player-- Cleveland Cavaliers player LeBron James has had an exciting ride to superstardom. This book, by Cleveland Plain Dealer sports columnist Terry Pluto and NBA beat writers Brian Windhorst, takes a close-up and thorough look at the forces that shaped LeBron into an MVP.

Pluto and Windhorst have covered the LeBron phenomenon closely from the start. Drawing from a decade of reporting and scores of personal interviews, their new book provides an inside look at each stage of LeBron's development--how his childhood shaped his personality and sparked his drive to succeed; how budding stardom in high school challenged him to grow up fast; how his first steps in the NBA weren't always easy; how he quickly grew into a forceful team leader in the NBA and on Team USA; and how he now works relentlessly to improve his game.

The book has been nominated for the American Library Association's "Quick Pick for Reluctant Readers" (2011).
