Hand-Built Ceramics (Complete Potter) Jane Waller

Forming pots by hand and then baking them in a fire is one of the simplest and oldest of crafts. The author unfolds both the durable craft and the enduring art of pottery in this book, and provides a volume which is both instructional and inspirational in approach. Tips, techniques and design ideas are all covered, as well as the author's own special "millefiori" method of pottery. Illustrations from both past and contemporary potters elucidate the text.
