**La muñeca (Colección Entre Siglos) (Spanish Edition)** Carmela Eulate Sanjurjo, Miguel Angel Nater

La crítica literaria más reciente, al querer encarar las manipulaciones del canon de la literatura puertorriqueña que la llamada “Generación del 30” desarrolló siguiendo la lectura obligada del ensayo más discutido de Antonio S. Pedreira (1898-1939), *Insularismo* (1934), observa con tajante afirmación el valor de la obra de Carmela Eulate Sanjurjo (1871-1961), supuestamente excluida del canon, por ser mujer. Este último hecho real lleva al intento de exponer a la autora y su supuesta condición inferior frente al hombre, antes que resaltar los valores de su obra y los alcances que tiene en y fuera de Puerto Rico. Esta novela de Carmela Eulate Sanjurjo representa uno de los momentos más importantes de la narrativa realista en Puerto Rico... La muñeca es una obra bien escrita, pensada y urdida, solamente superada, dentro de la vertiente realista en la narrativa puertorriqueña del siglo XIX, por la obra de Manuel Zeno Gandía, que no es poco decir. Miguel Ángel Náter, Director Seminario Federico de Onís
