Critical Realism and Marxism (Critical Realism: Interventions (Routledge Critical Realism))

This book examines the relationship between critical realism and Marxism. The authors argue that critical realism and Marxism have much to gain from each other. This is the first book to address the controversial debates between critical realism and Marxism, and it does so from a wide range of disciplines. The authors argue that whilst one book cannot answer all the questions about the relationship between critical realism and Marxism, this book does provide some significant answers. In doing so, *Critical Realism and Marxism* reveals a potentially fruitful relationship; deepens our understanding of the social world and makes an important contribution towards eliminating the barbarism that accompanies contemporary capitalism.
