## **Gender And Ageing: Changing Roles And Relationships (Ageing & Later Life Series) Sara Arber**

This book is a follow-up to Arber and Ginn's award winning *Connecting Gender and Ageing* (1995). It contains original chapters from eminent writers on gender and ageing, addressing newly emergent areas within gender and ageing, including gender identity and masculinity in later life. Early work on gender and ageing was dominated by a focus on older women. The present collection breaks with this tradition by emphasizing changing gender roles and relationships, gender identity and an examination of masculinities in midlife and later life.
