Emily Benton has spent her entire life immersed in politics. Having been raised in the industry, she has the kinds of contacts that it takes most politicians decades to build. She knows that she can win the race for president of the United States, but only if she destroys her rival first, before he can find and use hidden ammunition on her. If Emily destroys him, the election will be hers. A groundbreaking novel about the intersection of politics, power, personality, and the future of our country.
