TekLab (The TekWar Series Book 3) William Shatner

Jake Cardigan tracks a deranged veteran with a taste for killing civil servants

A French diplomat is walking alone down a darkened Paris side street, when a killer emerges from the shadows. He stuns the Frenchman, cuts his body into quarters, and leaves a note that reads: “This is for Brazil!” It is the ninth murder in this fashion in the last two months—a string of round-the-world killings that strikes fear into the hearts of all those connected with the bloody Brazilian wars of the past decade. But as private eye Jake Cardigan is about to discover, the culprit is far more treacherous than the average serial killer.

As he makes his way through Europe’s seamy corners, Cardigan begins to suspect that the trail of death may lead back to his old nemeses, the drug kingpins known as Teklords. As international peace teeters in the balance, Cardigan must stop the murders or risk being drawn and quartered himself.

This ebook features an illustrated biography of William Shatner including rare images and never-before-seen documents from the author’s estate.
