Action Research for Teachers: A Practical Guide Jean McNiff, Jack Whitehead

Assuming no prior knowledge of research methods and techniques, this book is the perfect companion for teachers at all levels undergoing professional development who need to enhance their formal reflection skills.

Providing a detailed explanation of what action research is and its importance in terms of whole school development, this book invites the teachers to try out educational research for themselves and adopt an investigative attitude that will help improve and evaluate practice. It includes:

* Support and guidance that help you tackle key issues

* "Real-life" practical case studies that underline what action research is and how it can be effectively used.

From reader reviews:

Mildred Patton:

Why don't make it to become your habit? Right now, try to prepare your time to do the important work, like looking for your favorite reserve and reading a publication. Beside you can solve your condition; you can add your knowledge by the reserve entitled Action Research for Teachers: A Practical Guide. Try to make the book Action Research for Teachers: A Practical Guide as your pal. It means that it can to be your friend when you really feel alone and beside those of course make you smarter than previously. Yeah, it is very fortunated for you. The book makes you considerably more confidence because you can know everything by the book. So , we should make new experience in addition to knowledge with this book.

Anne Shibata:

Information is provisions for anyone to get better life, information today can get by anyone at everywhere. The information can be a understanding or any news even an issue. What people must be consider any time those information which is inside the former life are challenging to be find than now's taking seriously which one works to believe or which one the resource are convinced. If you have the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Action Research for Teachers: A Practical Guide as your daily resource information.

Ira Atwood:

Are you kind of busy person, only have 10 or maybe 15 minute in your morning to upgrading your mind skill or thinking skill perhaps analytical thinking? Then you are experiencing problem with the book compared to can satisfy your short time to read it because all of this time you only find reserve that need more time to be learn. Action Research for Teachers: A Practical Guide can be your answer as it can be read by you who have those short extra time problems.

David Thompson:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or to make summary for some e-book, they are complained. Just little students that has reading's internal or real their hobby. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Action Research for Teachers: A Practical Guide can make you truly feel more interested to read.
