Painted Applique: A New Approach Linda M. Poole

Some designs are so lovely they deserve to be created in both appliqué and paint. Enhancing a quilt with surface embellishment is enticing and exciting, especially when the effect beautifully mimics another technique. Can't find the fabric you need? Create it with paint! This choice gives the quiltmaker unlimited flexibility in execution. Each of these 13 original design projects may be appliquéd, created with fabric paint, or may combine both fabric and paint techniques. Even up close, you won't be able to tell if a quilt is painted or qpliquéd without touching it. Any appliqué technique may be used to assemble individual elements before they are attached to the background; the glue stick/machine appliqué technique is explained. How to use different types of fabric paint is described, making this a multiple-technique and project book.
