## **Alzheimer - A Doença da Alma (Portuguese Edition)** Laura Botelho

Alzheimer - A doença da Alma é um livro que relata a descoberta, a inquietação do portador, seu sofrimento interior e sua sutil e aparente mudança de comportamento com o mundo ao seu redor, assim como, as consequências da doença com relação à família e à sociedade.

Propostas e indicações para dúvidas comuns quanto à maneira de lidar com o dia a dia do portador da doença, como organizar e providenciar meios para tornar melhor a vida da família sobre diversos temas como: finanças, curatela, direitos dos idosos, institucionalização, higiene e conduta apropriada diante de situações embaraçosas. E também temas diversos acerca dos problemas naturais consequentes das complicações da doença de Alzheimer, bem como onde encontrar ajuda governamental: indicações de redes estaduais de assistência à saúde do idoso com doença de Alzheimer no Brasil.

A narrativa revela a experiência e os momentos difíceis vividos pela autora e sua família com a doença de Alzheimer que acometeu primeiramente sua tia paterna e, logo depois, sua própria mãe. Foi uma longa jornada, mais de 14 anos e ainda não terminou.

As questões relacionadas a essa enfermidade degenerativa são de suma importância para todos, pelo fato de afetar não só o paciente numa fase inicial, mas, posteriormente, envolver a família e toda comunidade.

Os relatos e indicações sobre procedimentos aqui contidos, de forma nenhuma, substituem a ação e a experiência de médicos e outros profissionais especializados.
