A young man falls instantly for a woman he spots at a summer backyard party. He knows nothing about her except that she's wearing a T-shirt of his favorite band but his imagination runs wild with the life he hopes they might share. The young woman ends up changing the course of his life as dramatically as he thought she would upon first sight, but in none of the ways he had hoped.

*Start Somewhere* examines the startling, profound effects that even the most fleeting encounters can hold, the secrets we carry with us across our lives, and what it really means to love someone.

This Kindle Single is part of Day One Fiction, a new short-story series by today's best new voices in fiction. Day One stories are sometimes funny, sometimes heartbreaking, and always compelling and insightful.
