Stop, Thief!: The Commons, Enclosures, and Resistance (Spectre) Peter Linebaugh

In bold and intelligently written essays, historian Peter Linebaugh takes aim at the thieves of land, the polluters of the seas, the ravagers of the forests, the despoilers of rivers, and the removers of mountaintops. From Thomas Paine to the Luddites and from Karl Marx—who concluded his great study of capitalism with the enclosure of commons—to the practical dreamer William Morris who made communism into a verb and advocated communizing industry and agriculture, to the 20th-century communist historian E. P. Thompson, Linebaugh brings to life the vital commonist tradition. He traces the red thread from the great revolt of commoners in 1381 to the enclosures of Ireland, and the American commons, where European immigrants who had been expelled from their commons met the immense commons of the native peoples and the underground African American urban commons, and all the while urges the ancient spark of resistance.
