Type Companion for the Digital Artist (Against the Clock Companion Series) ELLENN Against The Clock

The Typography Companion for the Digital Artist is an in-depth study of type and typography, and is a superb complement to any application-specific book that includes the use of typographic elements. Whether you're learning a page layout program, a drawing program, a video editing tool, or an imaging program, this book will have you using fonts and type more effectively and attractively than ever before. From the history of modern typefaces, through the attributes of type, categories of font families, and critical design choices, the Typography Companion for the Digital Artist will help you improve how documents look, their readability and balance of type elements, and offer insight into subtle usage issues often overlooked by the digital artist.
