New Directions in Diversity: A New Approach to Covering America's Multicultural Communities

George Padgett

Journalists and students learn how to report on the issues important to diverse communities with the tips in this valuable handbook. Beginning with a discussion on what diversity means and why it is important, the textbook provides a detailed roadmap for teaching and learning about diverse communities and suggestions for beginning what is often a difficult community conversation. Hundreds of professional tips demonstrate how to better cover multicultural communities with individual chapters on specific audiences, including African Americans, Native Americans, Asian Americans, Hispanics, Arab Americans, gay men and lesbians, people with disabilities, and people of varying faith, age, and economic class. Activities for teaching and learning about diverse communities help journalists and educators bring the issue of diversity into the newsroom and classroom. Newly updated, this edition reveals statistics from the 2010 U.S. Census and includes a Diversity Dictionary containing hundreds of useful multicultural terms and definitions.

Willie Batres:

As a university student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's heart or real their passion. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this New Directions in Diversity: A New Approach to Covering America's Multicultural Communities can make you feel more interested to read.
