The Roman Era in Britain John Ward

Pyrrhus Press specializes in bringing books long out of date back to life, allowing today's readers access to yesterday's treasures.

This is a history of England during the time of the Roman Empire, including Roman occupation and involvement on the British Isles.

From the preface:

“It was felt, however, that the series demanded a general work on the era in Britain. This was now feasible, as the subjects which came within the restricted purview of the above volume could be treated in a more condensed manner than would be otherwise desirable. In spite of this, however, the question of space has been a difficulty. Two chapters which could best be spared—a short history of the era, and practical hints upon archaeological exploration—had to be cut out; and a third upon our public Romano-British collections, which was contemplated at the outset, and for which much material was collected, had to be abandoned. In obtaining this material I am indebted to the hearty co-operation of many museum curators, and although the proposed chapter had to be given up, their labour has by no means been in vain in the production of this volume.

The book does not cover as much ground as I wished, but to have included more would have entailed an undesirable curtailment of several of the chapters. But, with all its deficiencies, I hope it will prove to be of service to those—now a large number—whose interest in Roman Britain has been awakened by the prolific results of the systematic excavations of late years.”
